

PERSONAL STATEMENT

I'm a 30 years old Graphic Designer from Mexico City. I love everything that has to do with Graphic design, Web design, App development, Illustration, Photography and I feel a true devotion for typography and color.

I have 10 years of experience working as a freelance and working on a studio, but I'm ready for visiting other countries & work for any design studio! I love working with people, specially if they have the same passion I have for what they do.
